# PREAMBLE

Established in 1946 by a galaxy of dedicated nationalists, philanthropists and academics with a pious vision to disseminate Higher Education in this remote part of the country, Karimganj College steps into 68 year in June 2013. We sincerely recollect with reverence the selfless, dedicated services rendered by the chief architects of this institution Late Md. Eahya Khan Choudhury, the then SDO, Karimganj, Late Rabindra Nath Aditya, a nationalist and one time chief whip of Congress Party in Assam Legislative Assembly and Late Pramesh Chandra Bhattacharyya, the scholar-administrator for laying down a strong foundation of noble vision as President, Secretary and Principal of the college respectively. Donations from generous donors in large and small denominations poured in, so that this institution could be gradually given a full-fledged form to cater to the needs of higher education irrespective of caste, creed, sex, religion and language.

The college survived the trauma of partition and also onslaught of many baffling problems in the post-partition period but nothing could arrest its striding move towards imparting nourishment to generations of students many of whom now hold positions of pride in several places of India and abroad.

The college was originally affiliated to the Calcutta University, then to the Gauhati University and in 1994, when the Assam University was established, it became affiliated to the later. Today, it is one of the leading colleges under Assam University imparting education in all three faculties - Arts, Science and Commerce. **The college has been assessed and accredited as 'B<sup>+</sup>'- college by NAAC in the year 2004 and reaccredited as B. Grade college with CGPA 2.78 (in 4 point scale) by NAAC in the year 2010.** On the occasion of the Golden Jubilee celebration of the college in 1996, it was decided to impart Computer Education to enterprising students to help them build up challenging career. Accordingly, the Karimganj College Computer Centre started offering courses from the session 1999-2000.

The college has introduced compulsory general Computer course for TDC students spreading over three academic session based on 'O' - level curriculum of DOEACC from the Session 2005-06.

It is a great pleasure to mention that the college has been selected as one of the two IT-institutes of Assam under NEC programme and accordingly, the college is offering two degree programmes viz. **B.Sc.**(Computer Science) and **BCA** affiliated to Assam university from the academic Session 2005-06. The College has also introduced B.Sc. Honours

Programme in Biotechnology with effect from Session 2006-07. In the session 2010-11, the college has introduced Ecology and Environmental Science as one of its TDC Pass programme.

It is also a great pleasure to mention that Department of Science and Technology (DST-FIST) Govt. of India has provided financial assistance in the session 2009-10 for upgrading the infrastructural facilities for Science Education in the college. The Department of Biotechnology (DBT), Govt. of India has also selected the college in the session 2010-11 under STAR COLLEGE Scheme for improvement of teaching learning process of its Science departments. A Biotechnology Hub has been established in the college during the session 2010-11 under the sponsorship of Department of Biotechnology, Govt. of India to make available modern research facilities in Life Sciences and Biotechnology. These programmes will enable students of the college to receive hands-on training on some important areas of Botany, Biotechnology, Zoology, Chemistry, Physics and Computer Science.

The college welcomes the new generation of students who enter this institution with hearts vibrating with hopes and aspirations. Let every student of this institution develop intellectual and moral power in a healthy environment and strengthen himself/herself physically, mentally and spiritually, so that everyone turns out at the end of education career, a useful citizen with greater social involvement. Let us recollect the words of Annie Besant, "the destiny of a Nation is folded within its budding youths as is the flower within the close embrace of petals."

## **OUR VISION**

- To promote the cause of education in its highest and widest sense.
- To foster feeling of brotherhood and fellowship among different sections of students and to inculcate values of liberal humanism; the values of individual liberty, equality, rationality, secularism and democracy.
- To provide quality education.

## **OUR MISSION**

- To develop three H's- head, heart and hand-increasing knowledge refining feeling and imparting practical sense and skill with a mission to turn up new men and women for the new times to come.
- To make arrangements for giving education in all branches of studies, to establish the departments of Arts, Science, Commerce, Technology, Vocational training and courses of studies which open up career opportunities and to raise the status of the institution.
- To do all such things which are ancillary or incidental to the attainment of all or any of the above objectives which may be conducive to welfare of the students and the interest of the society.

## COURSES OF STUDY

## HIGHER SECONDARY

### **COMBINATION OF SUBJECTS**

1. English is compulsory in all three streams of Arts, Science, & Commerce.
2. In Admission form a student of any stream will have to opt for a Modern Indian Language (MIL) or Alternative English. Among Indian Languages, facilities for teaching are available only in Bengali. However a student can offer any MIL other than Bengali with special permission from the Council by paying the requisite fee prescribed for it. The College will help the candidates to get permission from the Council but cannot arrange instruction in these languages. The College provides instructions in Alternative English.

#### (A) ARTS

A student can select a maximum of four subjects from the following. Three of them will be compulsory :

- (1) Economics, (2) Political Science, (3) History / Mathematics, (4) Logic and Philosophy, (5) Arabic / Sanskrit / Advance Bengali / Statistics.

Students intending to offer Statistics must take Economics and Mathematics as two other elective subjects.

#### (B) SCIENCE

A student can select a maximum of four subjects from the following ; three of them will be compulsory :

- (1) Physics, (2) Chemistry, (3) Mathematics, (4) Biology (5) Statistics

⇒ **Rule for para (A) and (B) :-** If one offers four subjects, the subject in which he/she secures lowest marks in the final Examination shall be treated as his / her 4th subject and no marks of it will be credited to better his / her results.

#### (C) COMMERCE

Besides English and MIL (as stated above) a student will have to opt for (i) Accountancy (ii) Business Studies as Core subjects. In addition, the student will select one subject as compulsory and if desired one subject as additional from among the following :

- (i) Economics, (ii) Commercial Mathematics & Statistics (CMS) / Mathematics.

The additional subject may replace the compulsory elective if marks in that subject is less than the additional subject, Marks of fourth paper will not be added to improve the gradation. To facilitate higher studies, it is advisable that the students offer both Economics and CAES and record any one of them as additional subject.

#### RULES FOR EXAMINATION :

As it stands now students need sit for two separate examinations of 500 marks each-- First Year Annual Examination and the Final Examination. However, gradation of final result is made on the basis of performance in Second Year Final Examination only.

#### **COMPULSORY COMPUTER LITERACY PROGRAMME**

The College provides a compulsory Computer Literacy programme for all TDC Students, spreading over three academic session, based on 'O' level curriculum of DOEACC from the Session 2005-06 under Karimganj College Computer Centre with a minimum charge to make the students Computer literates.

#### **PROFESSIONAL (JOB-ORIENTED) PROGRAMMES**

##### **a) DOEACC 'O' Level (IT)**

DOEACC is the brainchild of the All India Council for Technical Education (AICTE) and functions under the Department of Information Technology, Ministry of Communication and Information Technology, Govt. of India. The syllabus and examinations for the courses are developed by an expert panel drawn from academic, industry and the government.

The DOEACC 'O' level course is a foundation (Junior programmer) level course, which provides the students insight into the operational and programming aspects of Computers. This course structure has been designed for the students who are beginners in Computer world. They can be groomed as Assistant Programmer and get a break in the Computer industry. It comprises of four papers and a project. The course leads to DOEACC 'O' level certification. Course duration in one year and requires 480 contact hours. At Karimganj College Computer Centre, it requires attending theory / practical classes for two to three hours a day. The eligibility criteria for getting admission in to DOEACC 'O' Level Course is **10 + 2 or ITI Certificate (one year) after class 10.**

##### **b) DOEACC CCBioInfo Programme**

In an effort to popularise Bioinformatics as a subject and as a career option, the college has introduced a certificate course in collaboration with DOEACC Centre, Guwahati. This course intends to arm the students with a fundamental knowledge of Bioinformatics and prepare them for further studies in this subject. The Certification **Course in Bioinformatics (CCBioInfo)** is designed and developed by DOEACC Centre, Guwahati / Tezpur for imparting a fundamental knowledge in Bioinformatics to students undergoing graduation. This will assist in the generation of manpower for the emerging Bioinformatics sector. The syllabus of the course covers the necessary relevant topics and will be completed in 450 hours in a span of 1 (one) year. Dr. M. K. Bhattacharya of the Department of Botany and Biotechnology is the course coordinator of the programme.

## SOME SPECIAL FEATURES IN TEACHING-LEARNING METHODOLOGY

**Remedial / bridge courses** : In teaching-learning process, one important feature of the college is introduction of remedial / bridge courses to bridge the knowledge gap of incoming TDC Honours students. These courses are designed by the experienced teachers to enable the students particularly from rural areas, weaker section of the society and other states to cope with the new programme. The college also provides remedial coaching for SC / ST / OBC (non creamy layer), minority and economical deprived students from the grant received from UGC during XI plan period.

**Tutorial Classes** : The College offers tutorial classes for the Honours students and H.S. (Science) students. These classes begin after autumn reces. Some science departments arrange tutorial classes for all TDC students.

**Mentor System** : There is a provision for mentoring of Honours students. For proper functioning of this system, the students are divided into groups and each groups is attached

under a teacher mentor who looks after them and provides guidance for their academic attainments.

**Students' Aid Fund** : The college maintains an aid fund which is developed from students' contribution. The fund is used judiciously by the college authority to help economically backward and needy students to generate their tuition fees.

**Student Group Insurance Scheme** :

The college provides compulsory Group Insurance (LICI) facility for Degree Students.

### **COLLEGE EXAMINATION**

- [1] All students will be required to appear in the assessment tests which will be held periodically. A student will not be allowed to sit for the final examination, if he/she does not secure qualifying marks in the assessment tests.
- [2] H.S. First year students are required to appear at Unit Test as per guideline of the Council.

### **DISCIPLINE**
