

Karimganj College Science Forum

Karimganj College Science Forum(KCSF) was established in the year 1988.The motto of the forum is to grow the scientific temperament among the student and the society as a whole. The forum has successfully organized various seminars , workshops, short speech competition, science quiz etc.on current scientific issues.To inspire the young researchers the forum provides common platform to exchange their views. The publication of a scientific journal is also an added activity of this forum.

In the session (2009-10) the following activities have been carried out successfully by the forum.

1. Celebration of the World Environment Day by organizing a short speech competition among the school students and a plantation programme inside the college campus.
2. Organized workshop on the total solar eclipse in collaboration with govt. of Assam.
3. A socio-economic survey was done on 10th Aug 2009 at the near by village **Panighat** in collaboration with Assam science Society, Hailakandi Branch.
4. Late S.R.Choudhury memorial inter departmental science quiz was organized for the first time.
5. The fourth Scientific journal is about to publish.
